Hiya my fellow waddlers,

Club Penguin Island 1.2 is set to launch Wednesday morning! If you haven't seen the sneak peek of new stuff in 1.2, check it out [here](#). In the words of one of the players (who pretty much likes all of the things):

When I saw top 10 new features of CPI I was BUFF "mind blown". I love the new decorations for the earth month event and the new tangled costume (I just ask myself you goanna put new disney costumes on disney shops), and I'm super excited about next chapter of Aunt Arctic adventures, I'm wondering what evils plans will Herbert have? Oh yhea and the map that's cool and the new phone that will be daily challenges, islands news and setting on him. By the way, the EPF is goanna come back, AND, the phone that will get is goanna be the EPF phone at the same time (like this is goanna be a mode of him)? That was all, Waddle on!

Key Features:

- Map – for ease of waddling around the Island
- Tubes – new styles!
- Levels 13-15
- Clothing Catalog
- CP News
- Adventures: Aunt Arctic Chapter 2
- Tangled in Disney Store

Upcoming April excitement:
